

**GLUTEN-SENSITIVE GUIDE - UPDATED APRIL 2024**

**Menu items made without gluten-containing ingredients\***

Although Colton's Steak House & Grill does not have gluten-free kitchens, we will make every attempt to meet your needs for a gluten-restricted diet. The items listed below are menu suggestions made without gluten-containing ingredients, as is, or can be ordered with minor changes (*shown in italics*). Please ask for a Manager when placing your order.

**\*Because of the nature of our menu items, the shared cooking and preparation areas of our kitchens and our reliance on suppliers for information, we cannot guarantee any item is free of gluten. While these items are made without gluten-containing ingredients, they do not meet the definition of "gluten free" for those who are highly sensitive.**
